

Speaker Info

Prof. Gleb Yushin

Institution: Georgia Institute of Technology,
School of Materials Science and Engineering

Vita:

- Pioneered transformative developments of advanced materials for lightweight nanocomposites and next generation rechargeable batteries for electronic devices, clean energy, and transportation
- Fellow of the National Academy of Inventors (NAI), Fellow of the Materials Research Society (MRS) and Fellow of the Electrochemical Society (ECS)
- Holds over 130 US and international patents and patent applications
- Co-founder & CTO of Sila Nanotechnologies, Inc., a company producing materials for next generation Li-ion batteries
- Editor-in-Chief of Materials Today
